## **Business & Jobs**

*New:*

### **The New York City Department of Housing Development & Preservation Summer Communications Internship**

“This summer, we’re looking for motivated, curious students to join our small but mighty Communications team at HPD — the city agency responsible for affordable housing. Our interns get to do meaningful work that supports real-world housing policy and programs, while also building a strong foundation in public service communications.

**The internship is designed as a well-rounded experience that touches on all aspects of what we do — social media, press and storytelling, public engagement, and event planning for senior leadership.** Interns gain hands-on experience drafting content, helping shape communications strategies, supporting public events, and contributing to the narrative around how the City is tackling its housing challenges.

Interns will walk away with:

- tangible portfolio work and writing samples
- access to professional development resources
- networking opportunities with senior staff across the agency and city government
- a deeper understanding of how large public institutions work — and how to navigate them

We’re especially excited to hear from students who are passionate about public service, housing equity, or storytelling that makes a difference. Urban studies,

**Working Papers:** Some jobs, internships, and programs do require students 14-17 years old to obtain working papers (official name: employment certificates). The necessary application form may be obtained from Mr. Myles Sebastien (who can explain the procedure and answer any questions) in the Stuyvesant Guidance Office (Room 236) between 8:00am – 3:30pm.

If you are selected for or enroll in any of the above opportunities, please inform Mr. Blumm ASAP at: [hblumm@stuy.edu](mailto:hblumm@stuy.edu)

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at [hblumm@stuy.edu](mailto:hblumm@stuy.edu) with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
